

# OPEN SPACE

## *To Preserve the Environment*

### **CPA Open Space Goals**

(from existing Community Preservation Plan)

- ❖ Protect and enhance Yarmouth's fragile environmental resources, including water quality, scenic beauty and unique habitats.
- ❖ Preserve and manage sufficient areas to maintain a healthy natural environment and provide habitat for wildlife.

### **Open Space Priority Projects**

(from existing Community Preservation Plan)

- Acquire land suitable for visible open spaces of scenic vistas
- Provide linkage to existing Town owned conservation land and protect water supply well fields.
- Protect land within or adjacent to wetland areas pursuant to the MA Wetlands Protection Act.
- Preserve fresh water, marine fisheries, endangered species, and critical wildlife habitat
- Protect beaches and dunes; control erosion, flooding, and pollution
